Feeding Directions

For the best results with Pryde's EasiFibre®:

- The feeding rates should be used as a guide. The amount fed will depend on the quality and quantity of pasture, hay and chaff available, along with the horse's body condition, growth rate and stage of development, pregnancy, lactation or level of work.
- Feed in conjunction with good quality pasture, hay and/or chaff.
- Divide the diet into two or more smaller feeds if feeding more than 0.5 kg per 100 kg of body weight/day.
- Feed moist with an equal volume of chaff.
- Introduce into your horse's ration gradually over a period of 1 - 2 weeks.
- Pryde's EasiFibre® is not a complete feed and must be fed as part of a balanced ration.
- Clean, fresh water and a salt lick should be made available at all times

Feeding Rates

EasiFibre®

1kg Oats	**replace with**	1 kg EasiFibre®
1kg Corn	**replace with**	1.1 kg EasiFibre®
1 kg Barley	**replace with**	1 kg EasiFibre®

Nutrients Supplied By EasiFibre®

Pryde's have formulated Pryde's EasiFibre® to provide a balanced nutrient intake based on the knowledge of the specific needs of horses and the nutrient content of common feeds. Formulations are updated regularly as new research findings become available.

Pryde's EasiFibre® provides the following nutrients:

Macro Minerals

Calcium	7.8 g/kg
Phosphorus	2.7 g/kg
Sodium	2.5 g/kg
Chloride	5.2 g/kg
Magnesium	2.7 g/kg
Potassium	9.1 g/kg

Trace Minerals

Copper	10 mg/kg
Zinc	29 mg/kg
Selenium	0.1 mg/kg
Manganese	85 mg/kg
Iodine	0.1 mg/kg
Iron	240 mg/kg

Vitamins

Vitamin A	3000 IU/kg
Vitamin E	41 IU/kg
Vitamin D	695 IU/kg
Vitamin B1	1.5 mg/kg
Vitamin B2	4.1 mg/kg
Niacin	29 mg/kg
Vitamin B5	10 mg/kg
Vitamin B6	2.5 mg/kg
Folic Acid	1.2 mg/kg
Biotin	0.1 mg/kg
